

**Hugh Coleman**  
Denton County Commissioner  
Precinct One

Dear Resident:

I just wanted to let you know that the reconstruction of the cross culverts on Joe Allen Road is about to begin. As you know the County has worked very hard over the last couple of years to get this project designed and constructed. I know you will be inconvenienced by the construction and I do apologize, but I think you will enjoy the results once the project is completed.

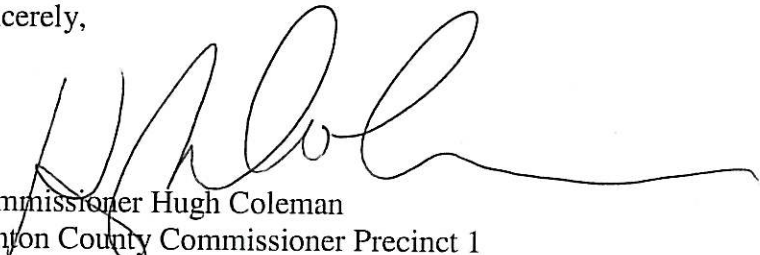

Specifically, please know that the main cross culvert that typically floods during rains will be replaced with a bridge and the road will be elevated to minimize the impacts due to flooding. However, please know that you will always have access to your property and that emergency services will also have access.

Construction is scheduled to begin in February 2012 and the contractor will close Joe Allen Road to through traffic. The project is scheduled to last approximately 330 days. The contractor for the project will be Lone Star Civil Construction, Inc. out of Flower Mound.

Project updates can be found on my Precinct 1 website: [www.dentoncounty.com/court/Precinct1](http://www.dentoncounty.com/court/Precinct1). Please feel free to contact Mr. Bennett Howell, our County Engineer, if you have any questions, concerns or problems during this project. His phone number is 940-349-3250 and his email address is [Bennett.howell@dentoncounty.com](mailto:Bennett.howell@dentoncounty.com). He will be glad to assist you.

Again, I would like to thank you for your patience and consideration during this project. I think you will like the results once the project is completed.

Sincerely,

Commissioner Hugh Coleman  
Denton County Commissioner Precinct 1

cc: Bennett Howell
