

Minutes of the April 11, 2006
Environmental Task Force Meeting

Attendees: Richard McMullen, Mike Nowels, Mike Sweet, Jan Thompson, Amanda Gross

The meeting began around 7:20 without a quorum. Since there was no quorum the minutes could not be approved. Rich McMullen was presented with a plaque recognizing him for his service as past chair of the Environmental Task Force.

Mike Sweet gave a brief update that he has handed out some of our new brochures at the Red Bud Days and another festival that he attended. All members were allowed to take some brochures to hand out to increase attendance at future meetings.

A guest speaker from Biodiesel Industries in Denton gave presentation on the Biodiesel plant in Denton and the "Fry Oil to Fuel" program that supports the plant. All were encouraged to notify restaurants about the program where there used fry oil can be picked for free and disposed of for them rather than them having to pay someone to remove it.

There was an informal conversation lead by Mike Nowels about the upcoming ethanol conversions that would be hitting the DFW area including Denton in May.

Meeting adjourned a little before 9:00pm with no formal action.
